

Request for antique UMAJIRUSHI products & packages provide

Umajirushi Co., Ltd. is a stationery and office furniture manufacturer founded in 1896 as Kato Hakuboku Seizousho.

Based on our management philosophy "Sincerity×Effort×Intelligence = Trust", we started as a chalk manufacturer and sales for school, then we expand business thought black board and white board manufacturer.

In 1933, we have been increasing our sales by exporting the products to China, Southeast Asia, Middle East and North America however, the Pacific War outbreak effected chalk manufacturing supply chain and it made difficult to obtain plaster material and the amount of production was decreasing rapidly.

After the war, in 1947, we resumed the chalk manufacturing in Nagoya city. On the other hand, due to the cruel war, the factory, all company documents and products were burned to ashes unfortunately.

Under these circumstances about 2 years ago, a Japanese user contacted and sent us our antique chalk package. It made us very grateful and happy.

This time, we are looking for people who could provide our memorial UMAJIRUSHI products/packages and related information from overseas users as well as people in Japan.

We would be glad to receive your information below e-mail address;

<Contact address>

E-mail : trade@uma-jirushi.co.jp

Department in charge: Overseas Department

We are looking forward to hearing from you soon.

Thank you for your cooperation.
